Multi-year accessibility plan - Page Issues

Issue Category	Type	Pages	No:Issues Reported	Issue Details	Implementation	Status
Page Structure	Best Practice	Accueil - 3 A purpos de nous -2 Histoire - 1 Nos-sites -2 Nos-aires-therapeutiques -2 Nos-medicaments - 2 Pharmacovigilance -2 Responsabilite -2 Environnement -1 Patients -2 Collaborateurs - 2 Gouvernance - 1 Mentions-dinformation -1 Mentions-legales -2 Politique-de-confidentialite -2 Politique-des-cookies -2 Conditions-generales-dutilisati -2 Contactez-nous -2	33	1. Ensure that the document has one main landmark. Code [<div class="main-container" *role="main" id="main"* >]	Nov-24	Inprogress
				2. Heading structure should be proper on the page for the screen reader users to understand the content of the page. (H1, H2, H3).	Dec-25	YTS
Logical Navigation and Intuitiveness	Violation	Accueil -4 Histoire - 1 Nos-medicaments - 1 Pharmacovigilance - 1 Gouvernance -1 Politique-de-confidentialite -1 Politique-des-cookies -1 Conditions-generales-dutilisati -1 Contactez-nous - 5	16	1. Ensure that the link should be descriptive enough for the screen reader users to understand its purpose. 2. Ensure to provide a clear and solid focus line to indicate the focus on "Continue" and "Cancel" buttons.	Dec-24	YTS
Keyboard Operability	Violation	Accueil-1 Gouvernance -3	4	1.A link to another location within the page is present but does not have a corresponding target.		
Color Contrast	Violation	Accueil -1 Nos-medicaments -1 Gouvernance -1 Mentions-legales -1 Politique-des-cookies -1 Conditions-generales-dutilisati -1 Contactez-nous -1	7	1.Color contrast fails for the buttons in the carousel. 2. Ensure to provide an underline to link text so as to differentiate it from the surrounding plain text.	Jan-25	YTS
Enough Time	Violation	Accueil -1	1	1. Carousel is not provided "Stop", "Play" & "Pause" buttons.		

Coding Standards	Violation	Accueil - 5 A purpos de nous -1 Histoire - 1 Nos-sites - 1 Nos-aires-therapeutiques -1 Nos-medicaments -1 Pharmacovigilance -1 Responsabilite -1 Environnement -1 Patients -1 Collaborateurs - 1 Gouvernance -2 Mentions-dinformation -1 Politique-de-confidentialite -1	19	1. Unnecessary role is provided for the buttons. [The "Previous" and "Next" buttons of the carousel content are provided with role="button". These elements are already defined in <button> element and role attribute is not required.]. 2. The Name of the carousel buttons are not descriptive.	Feb-25	YTS
Text alternatives	Violation	Accueil -1 A purpos de nous -1 Nos-sites - 1 Nos-aires-therapeutiques - 1 Nos-medicaments - 1 Pharmacovigilance -1 Responsabilite -1 Environnement -1 Patients -1 Collaborateurs -1 Gouvernance -2 Contactez-nous -1	13	1. Ensure to provide null alt attribute to decorative images. Also, title attribute is not required. 2. Ensure to provide null alt attribute to decorative images. Also, title attribute is not required.	Mar-25	YTS
Reading Order	Best Practice	Environnement -1 Patients -1 Collaborateurs -1 Gouvernance -1	4	1. It is recommended to remove "Previous" & "Next" buttons present as screen reader is announcing all the tiles without having to use "Previous" & "Next" buttons.		
Resize text	Violation	Environnement -1 Patients -1 Collaborateurs -1 Gouvernance -1 Politique-des-cookies -1	5	1. On resizing the page to 200%, ensure that the buttons "Previous" and "Next" are displayed above the tile content and not inside any of the tiles so that users can use the buttons easily.	Apr-25	YTS
Input Modalities	Violation	Gouvernance -1	1	1. Ensure that the visible label and accessible label for the link are same or atleast accessible name starts with visible label.		
Operation Prediction	Violation	Gouvernance -1	1	1. Ensure that screen reader acknowledges the user when ever any link opens in new tab.		

Multi-year accessibility plan - Global - Header & Footer

Issue Category	Type	Pages	No:Issues Reported	Issue Details	Implementation	Status
Logical Navigation and Intuitiveness	Violation	Global-Header&Footer	8	1. Ensure that focus is clearly visible on the "Ipsen" logo link when it receives focus. A solid focus indicator on all four sides should be displayed. 2. Ensure that when any UI element receives keyboard focus, it is at least partially visible to the users.	May-25	YTS
Coding Standards	Violation	Global-Header&Footer	16	1. Ensure to provide aria-current="page" only when a particular page is displayed currently. As the links "Media", "Investors", "Partnership", "Careers" will take the users to different site, there is no requirement to add aria-current attribute.	Jul-25	YTS
Keyboard Operability	Violation	Global-Header&Footer	2	1.Ensure to provide a proper Name to the menu button. 2. Ensure that the tabs are accessible using keyboard, i.e., when the focus is on the tabs and when user presses Enter key, that particular tab should be selected.	Aug-25	YTS
Color Contrast	Violation	Global-Header&Footer	1	1. Ensure that the color contrast ratio of the "Back to top" icon with its background meets the required ratio of atleast 3:1.	Aug-25	YTS
Text alternatives	Violation	Global-Header&Footer	2	1. Ensure to provide descriptive alt attributes to logo images.		
Resize text	Violation	Global-Header&Footer	2	1. Content is missing on resizing the page to 200%.		
Operation Prediction	Violation	Global-Header&Footer	1	1. Ensure that screen reader acknowledges the user when ever any link opens in new tab.		
Page Structure	Best Practice	Global-Header&Footer	2	1. Landmark roles should be properly defined on the page. Banner landmark should consist of the Ipsen logo link and other links "Media", "Investors", "Partnership", "Careers", "Search" & "France". Other links "Welcome", "About Us", "Our medicines" & "Responsibility" should be defined in Navigation landmark.	Dec-25	YTS
